

REMARKS

In the Office Action the Examiner rejected Claims 1-13 under 35 U.S.C §112 for reasons not relating to the patentability of the subject matter thereof. As to the language perceived to be indefinite by the Examiner, Applicant submits that the amendments made hereinabove to independent Claim 1 overcome such rejection. Applicant further notes that in the Office Action the Examiner indicated that Claims 1-13 would be allowable if rewritten to overcome the rejection under 35 U.S.C §112. As such, Applicant submits that Claims 1-13 and new Claims 23-25 that depend from Claim 1 are allowable. Further, Applicant submits that new Claims 26-30 are also allowable. In this regard, Applicant notes that new independent Claim 26 comprises language corresponding with independent Claim 1 and dependent Claim 7.

Based upon the foregoing, Applicant believes that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,
